Review of recent newsletters

FBI Audit
Findings:
Sex Offender
Registrations

Accuracy

Completeness

Timely Removal

Validation

FBI Audit Findings: NICS

NICS Denial Notifications (NDN Transaction)

IAQ Transaction

Review ALL responses carefully

III should be used only for authorized purposes

Controlled Substance Users

Misdemeanor Crimes of Domestic Violence

Accuracy and Validity

Wanted Person Locate Transaction

Hit Confirmation Request Sent

Entering agency sends response that they will **NOT** extradite

Locating agency **must** perform Locate Transaction indicating NOEX

Entering agency should modify EXL

Second locate transaction indicating NOEX removes the record from NCIC

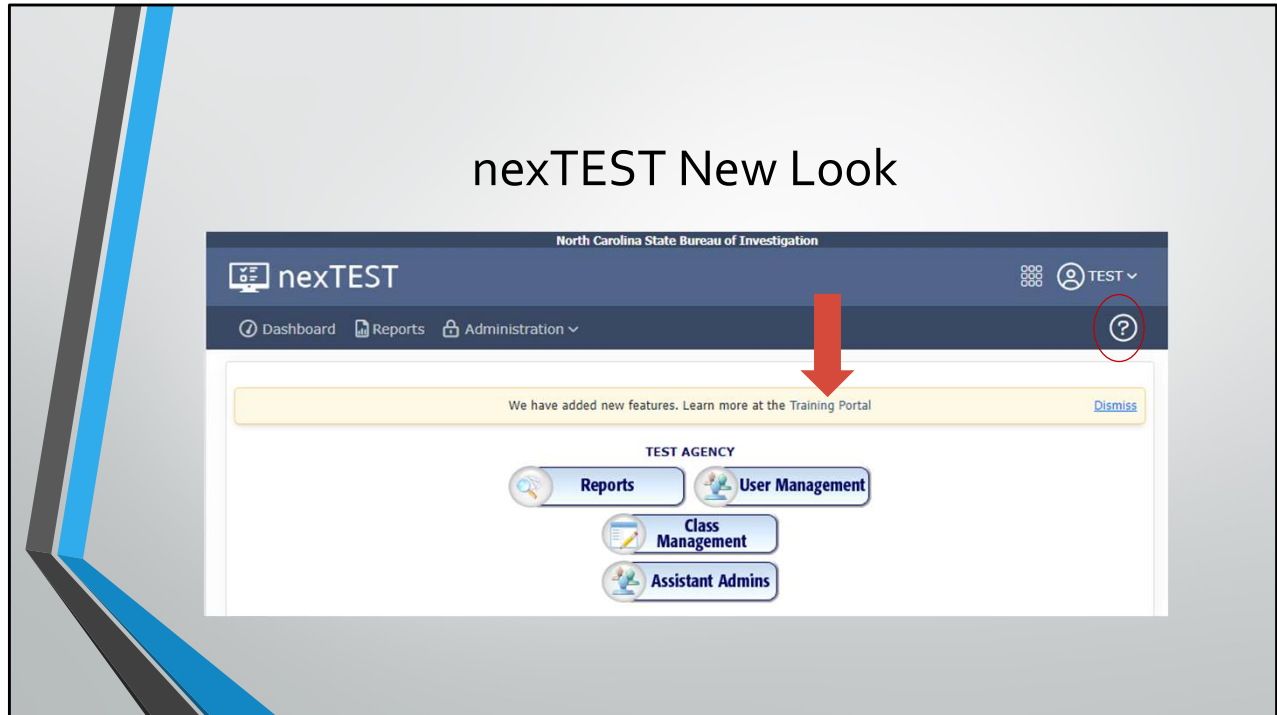

Reminder: Hit Confirmation should only be sent when agency finding the wanted person is within the geographical area of extradition included in the EXL

Updates for Security Awareness Training

Previous	NEW
Complete every 2 years	COMPLETE ANNUALLY
Complete within 6 months of CJIS access	COMPLETE BEFORE CJIS ACCESS
nexTEST = "Level 3 Training"	nexTEST = "Security and Privacy Training-General"
CJIS Online = "Levels"	CJIS Online = "Roles"

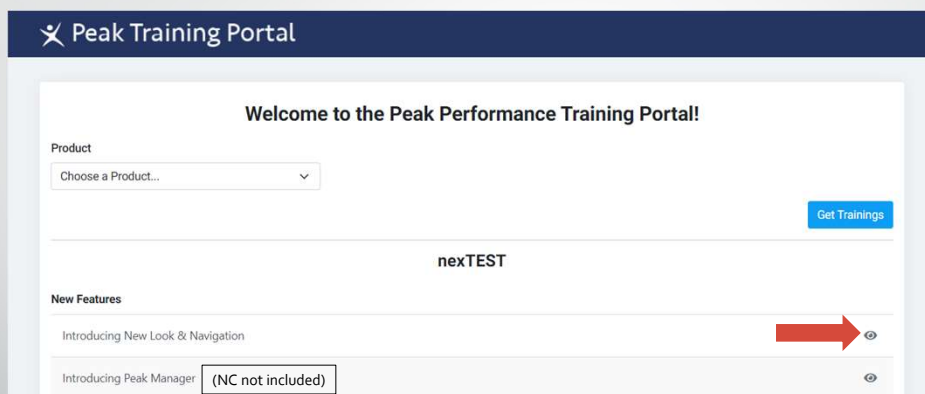

Roles = previous Levels (no change to content)

nexTEST New Look

When user logs on, they will have a banner noting new features. Clicking on Training Portal will go to the help files (shown on next slide).

nexTEST New Look

Click on “eye” icon to the right to see updates to nexTEST new look/navigation.
NC will not be included in the Peak Manager program.

CJIS Online Updates

[Account](#)[Assignments](#)[Certification Details](#)

Security and Privacy

☒ Security and Privacy

☐ Security and Privacy: Basic Role

Personnel with Unescorted Access to a Physically Secure Location
(This level is designed for people who have access to a secure area but are not authorized to use CJI) i.e. maintenance, janitorial staff

☒ Security and Privacy: General Role

All Personnel with Access to CJI
(This level is designed for people who are authorized to access an information system that provides access to CJI) i.e. admin staff, agency head

☐ Security and Privacy: Privileged Role

Personnel authorized to perform security-relevant functions
(This level is designed for all information technology personnel including system administrators, security administrators, network administrator, etc...) i.e. IT staff, LASO

Reiterate that the new CJIS Online “ROLES” are the same as the previous “LEVELS.”
